

Third research report to the scientific headquarters

Lizard-Hipped And Bird-Hipped Dinosaurs

Dinosaur-Researcher – Name:

You have already read the chapter Dinosaurs - Lizards Of Prehistory?
Now it is your term to show what you have learned!

Dinosaurs can be classified according to the position of their pelvic bones into **Lizard-Hipped-Dinosaurs** and **Bird-Hipped-Dinosaurs**.

Write down the scientific term and describe how the pelvic looks like:

Lizard-Hipped-Dinosaurs or _____
have a pelvic similar to _____

Bird-Hipped-Dinosaurs or _____ have
a pelvic similar to _____

Write down at least one example for a

Lizard-Hipped-Dinosaurs

and a Bird-Hipped-Dinosaur
